Fireplace

Fire Pit

Wood Burning

LP Gas

Name _____ Phone # _____

Address _____

City _____ Zip Code _____

Conditions for use of an Outdoor Fireplace: shall be for single-family residential property only. Must be located at least 25 feet from any combustible materials or structures and placed on a non-combustible base; MAY be reduced to 15 feet with a fully enclosed mesh enclosure and approved cover. Not allowed on wooden decks or balconies. Fire pit limited to 3'x3' maximum with fire height limited to 2'.

Wood Burning

Only clean, dry, seasoned firewood shall be burned. No flammable/combustible liquids shall be used to start the fire, only self-ignited logs or the use of kindling wood/paper shall be used.

LP/Gas

Tank size limited to 20 lbs. propane or direct connection to approved gas piping from the residence. The requirement for the 25 feet separation to combustibles is reduced to 3 feet.

I have read, understand and will abide by the conditions of use of the outdoor fireplace as presented to me by the Aurora Fire Department. Any violation of the condition use will be subject to a Fire Code violation ticket being issued, with fines imposed and permit revoked.

Include a photo of area where fire pit will be located, along with site plan showing yard and distance to any structures or combustible materials. Failure to submit photo and site plan with application will delay processing and/or may result in application being denied.
